In Memory of
Chief Harvey Eisner
Editor Emeritus of Firehouse

Over the years Harvey Eisner has touched so many firefighters. In keeping with his training philosophy whether it was from his writings, lectures or just a firehouse visit.

The BCFCFA is offering a day of training that consist of Classroom Sessions by nationally known Fire Officers/Firefighters so as to continue the traditions of what Harvey was all about.

One of his sayings was "Always treat people with respect, Always" In that respect the Chief's Association will work with the Harry Eisner's family to donate the proceeds from this training program to a charitable organization that will continue his legacy of education and service to his community.
